STREETMUSICMAP BEYOND MUSIC

ONCE YOU'RE MAPPING THE STREET MUSIC SCENE, YOU ARE TELLING STORIES ABOUT DIFFERENT CULTURES, DIFFERENT ACCENTS, DIFFERENT BEATS. AND THIS GLOBAL RESEARCH GOES BEYOND STREET MUSIC.

THE MOST POWERFUL FEEDBACK I GOT CAME FROM A NORTH-AMERICAN SOCIAL WORKER IN THE DEMOCRATIC REPUBLIC OF CONGO.

SHE THANKED ME FOR THE SEQUENCE OF VIDEOS PUBLISHED WITH AFRICAN MUSICIANS: "I WAS ABLE TO EXPLAIN TO DEAF-MUTE STUDENTS THE DIFFERENT CULTURES OF THE AFRICAN CONTINENT JUST WITH THE MUSICIANS' BODY LANGUAGE," SHE SAID.

GLOBAL AUDIENCE TO LOCAL ARTISTS.

StreetMusicMap aims to be the most complete platform about street music in the world, the most powerful database about new talents in the music business.

The project promotes the exchange between musicians, fans and music lovers and has also become a network for communication over the vast world of street musicians.

It's the place where bands can connect with fans and a place for curators and people who want to find new talents, or the next big thing.

The curation is the project's most valuable feature. Daily research is turning the StreetMusicMap brand and its concept into a competent source about the subject on a global scale.
